Responsibly towards the future.

UW1194

Austria's first laundry with eco-label

SALESIANER is the first laundry to set an example for ecological awareness. The family business has been awarded the eco-label according to the UZ70 guideline on rental textile service for many of its plants.

klimaaktiv and innovativ

SALESIANER has been a project partner since 2013 and has in recent years become a leading example in the klimaaktiv programme. Numerous energy-efficiency projects have received awards.

Award-winning sustainability report

SALESIANER prepared its first sustainability report in 2016 in accordance with GRI G4 standards and received the ASRA award for exemplary reporting. The subsequent report 2019 sets out the company's sustainability objectives until 2025.

Responsible quality management

Our integrated management systems cover a wide range of regulations and standards and make a significant contribution to the company's success. In the field of environment, SALESIANER is ISO 14001 Environmental Management Systems and ISO 50001 Energy Management Systems certified.

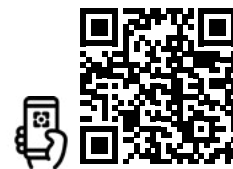

Photovoltaics - harnessing the power of the sun!

SALESIANER currently has around 20,000 solar panels in operation. These generate as much electricity as approximately 3,000 one-person households consume in a year. Exactly the same number of people who work at our company. Through sustainable energy production, we are able to reduce our ecological footprint by avoiding 672 tons of CO₂ emissions per year.

Committed to sustainability.
